Dennis Hong

Interpersonal Relationships Specialist

My mission is to bridge the relational disconnects that occur in everyday life – from intimate exchanges between romantic partners, to workplace interactions between colleagues, to even the fleeting encounters between strangers. As a Marriage and Family Therapist, I believe human relationships must be approached with curiosity and empathy, and in doing so, I strive to help others via a client-centered collaborative process.

Professional Experience

Social Savvy Sage (socialsavvysage.com)

Founder, 2018 to present

Help clients refine their social skills and learn to create meaningful interactions with others, via both one-on-one coaching and guided practice.

Automatic (automatic.com)

Happiness Engineer, 2013 to 2017

Hosted webinars and helped users build websites on WordPress.com. Created documentation and live presentations on effective communication with both customers and coworkers. Documents provided upon request.

LemonVibe (lemonvibe.com)

Co-Founder, 2011 to 2018

Created and managed a community-based dating advice site, where participants could share their experiences and insights with each other.

Musings on Life and Love (musingsonlifeandlove.com)

Creator, Editor, and Writer, 2009 to present

Create and manage a group blog for people of all backgrounds to share the life lessons they've learned, written as first-person human interest stories.

Various Websites

Freelance Writer, 2009 to present

Contribute articles on a variety of topics, with a focus on interpersonal relationships, dating and love, and human behavior in general. Comprehensive list of writings provided upon request.

Palomar Continuation High School, Chula Vista, California

Biology & Oceanography Teacher, 2005 to 2013

Taught Biology at a school for at-risk teens. Coached a team to compete in the National Ocean Sciences Bowl. Piloted two courses: Oceanography and Public Speaking. Created a grading program for the entire school district.

SeaWorld Adventure Park, San Diego, California

Educator and Assistant Park Lead, 2003 to 2005

Led educational tours and children's camp programs. Trained and coached Education Department staff. Researched and wrote informational narrations to be used by tour guides, camp counselors, and educators at park exhibits.

University of California, San Diego

Graduate Student and Teaching Assistant, 1996 to 2002

Taught undergraduate biology courses. Supported student progress in lecture and laboratory settings.

Medical Articles for Textbooks and Scientific Journals

Co-Author & Editor, 1996 to 2007

Co-authored or edited peer-reviewed medical articles with Chang-Zern Hong, M.D. List of references provided upon request.
